

## ***AN AUTHOR'S VISIT***

As a former teacher, I love to share the story of my children's book, Andrew Conquers the Court, with students. Presentations vary by grade level - but they all share the message of using perseverance, determination, and grit to overcome disappointments or setbacks in life. All presentations conclude with a question & answer period. Go to the School Visits section of my website, <https://www.atqauthor.com>, for additional information.

I am also open to suggestions for ways to vary the presentations to meet your students' and/or curriculum needs (i.e. topics, formats, and length of the presentation). My goal is to ensure a positive and meaningful learning experience for the students in your school!

### 2024-2025 School Year Pricing:
